

Fall 2024 Workshops

Register at: <https://go.wisc.edu/WorkshopsFall2024>

Families and professionals are invited to join us for our fall workshop series

In our [Health Care Transition \(HCT\)](#) workshops, you will learn what Health Care Transition is, why it is important, how health care is the foundation of transition, and what skills youth/young adults can build to lead a self-determined life when they become adults.

In the [C.A.R.E. Series](#), you will learn strategies to coordinate and strengthen communication with your child's health care team and other partners.

For more information on the HCT Workshops: <https://crcsouth.waisman.wisc.edu/health-care-transition/>
 For more information on the C.A.R.E. Series: <https://crcsouth.waisman.wisc.edu/c-a-r-e-series/>

Date and Time	Topic	Location
Oct 12@10-11am	Exploring Care Mapping (C.A.R.E.)	Beaver Dam Community Library
Oct 16@6-7pm	Caring for the Whole Family (C.A.R.E.)	Madison Pinney Library
Oct 24@6-7pm	Transition Care Mapping (HCT)	Madison Sequoya Library

Who should attend?

Family members, educators, social workers, therapists, providers, community members – anyone who wants a better understanding of navigating the system of care and in transition to becoming adulthood for children and youth with special health care needs/disabilities.
