## Upcoming Virtual Events

Find the full schedule & details on our website

### Medicaid Made Easy Monday, October 6, 12:00 - 1:00

We give families a solid understanding of Medicaid programs for young children. We explain everything from funding to eligibility to how services are received, using an easy-to-understand format focused on how these programs work to cover services and supplies for Wisconsin families. This is presented in partnership with the **Children's Resource Center - South**.

### What's After High School? Wednesday, October 8, 5:00 - 6:00

This is a broad overview of the transition to adult life for youth ages 14 - 21 with disabilities and special health care needs. Attendees will also learn about the role of employment, long-term support, and supported decision-making. This is presented in partnership with **Getting to College**.

### Transition Learning Sessions: Gain Independence and Skills to Live in the Community Wednesday, October 15, 12:00 - 12:45

An online talk about the transition to adult life for families with children ages 14 and older. Guest Speakers: Representatives from Independence First. This session will be most helpful for families living in Milwaukee County. **Family Voices, Milwaukee Public**

### Thinking about Supported Decision Making Wednesday, October 15, 5:30 - 6:45

We explore the things that families need to know about decision-making supports and other legal tools for adults in Wisconsin, including guardianship. This session is helpful for families with children ages 14 and older, and the providers and educators who work with them. Presented with guest speakers from the Board for People with Developmental Disabilities, in partnership with **Waukesha County Transition Advisory Council**.

### Medicaid Made Easy Monday, October 23, 11:30 - 12:30

We give families a solid understanding of Medicaid programs for young children. We explain everything from funding to eligibility to how services are received, using an easy-to-understand format focused on how these programs work to cover services and supplies for Wisconsin families. This is presented in partnership with the **Children's Resource Center - South**.

### What's After High School? Wednesday, October 27, 5:30 - 6:30

This is a broad overview of the transition to adult life for youth ages 14 - 21 with disabilities and special health care needs. Attendees will also learn about the role of employment, long-term support, and supported decision-making. This is presented in partnership with **Getting to College**.

### Employment and DVR Services Wednesday, October 29, 11:30 - 12:30

We explain how students ages 14 and older and families can connect to the Division of Vocational Rehabilitation (DVR) to support their employment, who may qualify, what DVR services are available and how an Individualized Plan for Employment (IPE) is developed. Presented with guest speakers from **DWD/DVR**.

### Thinking about Supported Decision Making Wednesday, October 29, 5:00 - 6:00

We explore the things that families need to know about decision-making supports and other legal tools for adults in Wisconsin, including guardianship. This session is helpful for families with children ages 14 and older, and the providers and educators who work with them. This is presented in partnership with **TMG**.
